These tickets will be good for return on the Sunday or Monday following date of sale.

## Library Notes.

Of three volumes making up the new atlas of Essex county, New Jersey, the one including Bloomfield and vicinity is in the reference department of the library. It gives all the streets, property lines and measurements, location of buildings and industries by one of three colors whether each building is of wood, brick or stone. This work is of especial interest and value to local business men, particularly those interested in real estate or insurance.

Last week the reading world was gripped to hear of the death of that greatest Norwegian poet and dramatist, Henrik Ibsen (1828-1906). His portrait, list of writings, reading list on life and writings and a sketch of his life are posted in the library. In Norway public bodies formally recorded the national grief at the loss of this foremost figure in their literary life. The night after his death all theatres were closed and the funeral was a State function.

Most of the magazines are out for June.

The garden books have been culled out from their neighbors and made a goodly showing on a prominent shelf, with a helpful reading list beneath. For practical work, perhaps Mrs. Helena Butcher's "Ely's two 'Handy Garden' books are the best, but the charm of "The Garden of a 'Communist's Wife' is one that never wanes. It will stand any number of readings, and renewed acquaintance always makes "Barbara" a dearer friend.

There is much that is helpful each month to the amateur gardener and others in "Country Life in America," and the beautiful illustrations are a constant delight.

Of new fiction there is always a plenty. "The Law Breakers," by Robert Grant, is a very good collection of short stories; two other similar volumes are "More Stories of Married Life," by Mrs. Outing, and "Six Stars," by Nelson Lloyd. There is also a new war story by General King entitled "Woman, Halt."

## County Tax Boards.

Major Carl Lantz, president of the State Board for the Equalization of Taxes, had a conference with Governor Stokes Tuesday morning in reference to the new county boards. The Governor told the Major that he expected to have the entire twenty-one county boards appointed by Tuesday, June 19th, and it was decided to fix noon of that day as the time for a meeting of all the sixty-three new tax commissioners in the State House.

At this meeting the Governor and the State Board will be present and will confer with the members of the county boards upon the duties of the office. The State Board will give the benefit of the experience it has had in adjusting taxes throughout the State.

It is expected that a uniform set of rules and mode of procedure for all the boards will be agreed upon. It is also likely that a representative of the Attorney-General's office will be present at this conference to advise any member of a county board upon any phase of the law creating the new boards which may not be entirely clear and to explain just what the boards are expected to do under the act.

Arrangements were made to notify the members of such boards as have been already appointed and the others as rapidly as they are appointed of the time and place of the hearing.

## Civil Service Examination.

An examination will be held for the position of clerk and carrier in the post-office at Bloomfield, N. J., on June 15, 1906. Salaries of carriers, first year, \$500 per annum; thereafter, \$550 per annum. Salaries of clerks vary according to the class of work performed, but range from \$400 to \$1,000 in the smaller offices. Appointments of clerks and carriers are made as substitutes, who receive the salary of the employee whose place they may take, during vacations, in case of sickness, or during rush work, as in the holiday season. All regular carriers receive fifteen days' vacation annually. A vacancy in the regular force must be filled by the promotion of the senior substitute. Age limit, all positions, 18 to 45 years. Male applicants must be 5 feet 4 inches in height and weigh 125 pounds. For application blank, full instructions, specimen examination questions and information relative to the duties and salaries of the different positions and the location of the examination room, inquiry should be made at the office of J. A. Glanville at the post-office. Applications must be sent to and received by H. H. Barton, Secretary Second U. S. Civil Service District, Custom House, New York, N. Y., on or before June 11, 1906.

**Lackawanna's New Passenger Chief.**  
George A. Dallen, general Western passenger agent of the Lackawanna Railroad in Chicago, whose appointment as general passenger agent of the road, to take effect on July 1, has been announced, was the guest of honor last Saturday evening at a banquet given by the representatives of the passenger department of the Nickel Plate Railroad at the Grand Pacific Hotel, Chicago, Ill. The Lackawanna and Nickel Plate operate a through service between New York and Chicago, and the dinner was a recognition not only of the cordial relations between the two roads, but also of Mr. Dallen's personal popularity among the passenger men of the West. O. Z. Barrett of Newark, who will succeed Mr. Dallen in Chicago, was one of the many invited guests.

## IT SAVES YOU MONEY.

The special half price sale of Dr. Howard's specific for the cure of constipation by W. W. Keyler means the saving of a few dollars on every family's yearly bill for medicines.

Each 50 cent bottle (Mr. Keyler sells it for 25c.) contains sixty doses of a medicine that is pleasant to take and which can be depended upon to cure the most case of constipation, dyspepsia or liver trouble. Mr. W. W. Keyler has so much faith in the superior merit of this medicine that he says: "If Dr. Howard's specific does not cure you, come back to my store and I will return your money."

If you are troubled with constipation, headache or dizziness, or if your food does not digest naturally and easily, you cannot afford to let pass the special price that Mr. W. W. Keyler is making this week on Dr. Howard's specific.

This remedy is not an ordinary medicine. It is the favorite formula of a well known physician and has the endorsement of hundreds of physicians of eminence in their profession, who prescribe it in all cases of constipation, dyspepsia or liver trouble, knowing from experience that it will make a complete and lasting cure.—Advt.

## Public Playgrounds.

If the Kearny Town Council carries out the recommendations of Chief of Police Tolson, endorsed by the police committee of the Council, the young men and boys of the town will no longer have excuse for congregating on the streets or vacant lots, to the annoyance of residents and passersby. Chief Tolson recommended that four or more parcels of land be designated by the Council as playgrounds, where boys from 14 to 20 years of age might congregate between 7 and 9 o'clock P. M., to be kept lighted at the town's expense. The chief called attention to the numerous complaints he had received from citizens of the boys who congregate on the streets and vacant lots. He said they were for the most part boys who work all day and sought recreation in the evening. When his officers spoke to them, and in some cases threatened them with arrest, their prompt reply was the query, "Where can we go?" The officers of course had no reply to this, and it was to supply one that Chief Tolson suggested the designation of playgrounds by the Council.—Arlington Observer.

## Patents Issued.

Patents issued to Jerseyman and reported for the CITIZEN by Drake & Co., Solicitors of Patents, corner Broad and Market streets, Newark, N. J.:

Boat pump and cutter, F. F. Cohen, Newark; look, B. Darlo, Newark; window, E. M. Dixon, East Orange; storage battery, T. A. Edison, Littleville Park; rope-drum, T. S. Miller, South Orange; liquid distributor, L. Perotti, Newark; most shops, movements, and parts thereof, New York Standard Watch Co., Jersey City; canned lobster, canned fruits and vegetables, Wilkinson, Gaddis & Co., Newark; draperies, hangings, etc., H. B. Wiggins's Sons Co., Bloomfield.

**Growth of Bell Telephone System.**  
It is said that the value of telephone service increases as the number of subscribers is increased. In line with this the additional value of the service in and around New York since last year is enormous. The New York and New Jersey, and the New York Telephone Companies report a record-breaking growth during 1905. This growth covers the Metropolitan district, which includes Greater New York and Westchester County, with all of Long Island and Northern New Jersey. If the January business may be taken as an indication, 1906 bids to even more phenomenal increase the number of telephone stations in this area.

**PROTECT your securities and valuable papers against FIRE and BURGLARS** by renting a box in the Safe Deposit Vaults of The Bloomfield National Bank. Boxes to rent at \$4.00 per year and upwards.—Advt.

## Why Go Up or Down Stairs

to answer the telephone when an Extension Station will bring the message to you.

An extension station at your bedside gives you a comfortable feeling of protection from all the dangers of the night.

Costs only \$1.00 a month.

The New York and New Jersey Telephone Company,  
Bloomfield & Gates Ave., Montclair,  
Telephone 9006.

3 P. M. 10 GONTAGH ST.  
6-8 P. M. 10 GONTAGH ST.  
Except Sunday & Wednesday Evenings.

**Four Points of Comfort**

The kitchen, the lavatory, the laundry and the bath room may be cool, pleasant places, even on hot summer days, if a gas water heater is used. Why? Because a gas water heater does away with the necessity of hot coal fires. You can heat sufficient water for both laundry or kitchen work in a very short time with one of these heaters because the heat is concentrated in one spot. It heats the water but leaves the house cool.

Order a gas heater to-day and pass the summer in comfort. Price \$8.50.

**GAS DEPARTMENT**  
**Public Service**

Better Than Stocks, Bonds, Bank Deposits, for Quick Returns.

## REAL ESTATE At Your Own Figures.

The Former Inness Property, Montclair,

TO BE SOLD AT
